CURRENT STUDENTS

AADIL ABDULLAH
(AS SCIENCE)

I have had a good experience at Meritorious! I have been a student at Meritorious since I was in Grade 1. The foundation building process really prepared us for the senior years though in the 3 years of O-Levels, the exceptional support at Meritorious made me capable of attaining outstanding grades. Meritorious helped me build up other skills too including public speaking. I never had that confidence in me to step on the stage, however, in the recent years teachers made me a confident person. For me, being at Meritorious is just great!

ABIS ALI
(A2 SCIENCE)

My experience at Meritorious has been a really good one. My character groomed and my friends circle also increased. Apart from this the teachers at Meritorious are all prodigious and really cooperative. My experience at Meritorious overall has proved to be a productive and a learning one.

RAFIA RAFIQ
(AS SCIENCE)

I have found Meritorious as a disciplined institution where students specially girls are safe and secure. I feel accepted and I am respected as an individual which is vital for today's youth. I never notice the difference in comfort when I enter college because I am so much at home and the teachers and other staff is so caring. I thank God that I walked in through the doors of Meritorious 4 years ago.
